Please review these guidelines so that we are able to accommodate  
as many customers as possible in the signing line.

- Barnes & Noble Coconut Point will issue wristbands to customers on a first-come, first-served basis for this event beginning at 10:00 am on Thursday, February 16th. You must purchase a copy of one of his books before getting your wristband and entering the signing line.
- One wristband will be issued per customer and is non-transferable. The wristband is your entry to the signing line. If you choose to leave the line after receiving your wristband, you must ask someone in line to save your space. Parents may save spaces in line for children joining them at the event, but customers may not save spaces on line for friends. All newcomers must join the end of the line when they arrive.
